DEFENDER

- Direct-fit to your machine and hidden from sight
- Fits BOTH the Standard and Crew models
- This kit got an all-new design for 2019! We developed a brand new heater box so we could mount the heater behind the center cubby hole
- Factory style cubby block off plate included! Allows for easy heater box installation behind the center cubby
- Unlike the OEM heater, you will not lose the legroom for the 3rd passenger with our set-up!
- Includes all necessary components: heater hose, hose splicers, hose clamps, mounting brackets, defrost and floor louvers, ductwork & wiring
- NEW Pre-thermostat plumbing gives this kit quicker and more consistent heat! Don't have to pay \$100 for a thermostat bypass valve like you do with our competitor's kits
- SPAL multi-speed blower. SPAL is the world leader in high-performance fans and blowers, ensuring performance with longevity that is second to none
- Includes a center Dash Plate for the defrost and body vents
- The custom multi-speed switch fits right into the dash plate rocker hole.
- Includes Shut-Off Valve
- 18,000 BTU heater
