MAINTENANCE

ENTRETIEN

WATERPROOF GREASE

MULTI-PURPOSE LITHIUM COMPLEX GREASE

GRAISSE ÉTANCHE

GRAISSE COMPLEXE AU LITHIUM POLYVALENTE

- Superior protection across a wide range of temperatures and applications
- Resistance to high temperatures and water washout ensures long-lasting protection
- High film strength provides excellent anti-wear and extreme pressure performance
- Resistance to salt water corrosion makes ideal for use in marine applications
- Meets NLGI Certification GC-LB

Part No.	Min. Quantity/Size	Code	Keyword
920-4104-1	12/16oz	C	24

ASSEMBLY GREASE

CALCIUM SULFONATE COMPLEX ASSEMBLY GREASE

GRAISSE D'ASSEMBLAGE

GRAISSE D'ASSEMBLAGE COMPLEXE AU SULFONATE DE CALCIUM

- Sufficiently robust to be used for cams and lifters in high performance engines
- Versatile and tenacious enough to be used in light duty chassis and other assembly applications
- Industry leading thermal stability and extreme pressure performance
- Soluble in all mineral and synthetic engine oils
- Corrosion and water washout protection for all environments
- Won't clog oil filters

920-4101-1

920-4100

Part No.	Min. Quantity/Size	Code	Keyword
920-4100	1/1oz	C	24
920-4101-1	12/16oz	C	24

ASSEMBLY LUBE

LUBRIFIANT D'ASSEMBLAGE

- 2X Zinc Formula
- Prevents metal-to-metal contact
- Reduces wear
- Excellent rust & corrosion protection when storing
- Use on bolt threads for easy installation
- Non-foaming

Part No.	Min. Quantity/Size	Code	Keyword
920-4102	1/5 Gallon	C	24
920-4103-1	12/4oz	C	24

MATTE FINISH CLEANER

PROFESSIONAL STRENGTH CLEANER

NETTOYANT POUR FINITION MATE

NETTOYANT DE FORCE PROFESSIONNELLE

- Cleans and protects matte finishes
- Adds no gloss or shine
- Removes dirt, dust, road grime, fingerprints and more
- 100% biodegradable
- Contains no VOC's, harmful acids, CFC's or solvents.
- Non-flammable

Part No.	Min. Quantity/Size	Code	Keyword
920-4121-1	12/16oz	C	24

BIO WASH

LAVAGE BIO

- 100% biodegradable
- All-purpose
- Powerful cleaning action on dirt & oil
- Special additives protect aluminum, magnesium and other alloys
- Professional strength

Note:

Apply Bio Wash on cool surface, do not allow to dry. Use a soft bristle brush on stubborn areas.

Part No.	Min. Quantity/Size	Code	Keyword
920-4122-1	12/32oz	C	24
920-4123	1/5 Gallon	C	24
