## SUPER-LITE PRO SERIES BACKER

## PLAQUE DE SUPPORT DE LA SÉRIE SUPER-LITE PRO

"STUD BOY"® announces our new "SUPER-LITE" Pro Series backer plate line-up. The "SUPER-LITE" Pro Series backer is designed for the rider who is looking for lightweight stud support that offers the lightest weight and best traction available and includes the support nut molded directly into the backer. "SUPER-LITE" Pro Series backers are available in both single and double configurations in black and white. The double backers are available in .500" and .750" heights while the singles are available in the .750" height. Our "SUPER-LITE" Pro Series double backer is used for standard tracks using our regular "Power Point" type carbide studs while the Pro Series single can be used with either standard or +Plus style studs on both single and double ply tracks.

Part No.	Description	Height	Colour	Qty Pack	Code	Keyword
020-6711-48	Double	.750"	Black	48PK	C	18
020-6712-24	Single	.750"	Black	24PK	C	18
020-6712-84	Single	.750"	Black	84PK	C	18
020-6712-96	Single	.750"	Black	96PK	C	18

These new backers take traction and stud support to a new level. Tested and used by the best Snowcross and cross-country racers in the world last season with outstanding results. If you are looking for lightweight super strong stud support you have found it with our "SUPER-LITE" Pro Series backer plates.

Use the .750" height with 1.375" and taller studs while the .500" is best used with 1.280" and shorter studs.

## STUD BOY SUPER LITE SNOWMOBILE STUD BACKER SERIES

## SÉRIE DE PLAQUES DE SUPPORT POUR BROCHES DE MOTONEIGE STUD BOY SUPER LITE

"STUD BOY"® announces the new "Super-Lite" backer plate line-up! The "Super-Lite" backer is designed for the rider who is looking for light-weight stud support and vibrant colors. These backers are made from new engineered polymers that are lighter than aluminum, while maintaining excellent strength.

"Super-Lite" backers are available in black only. Our "Super-Lite" Double Backer is used for standard tracks using our regular "Power Point" type carbide studs. The "Super-Lite +PLUS" Single Backer is a larger 1.450" square backer to be used on all tracks (including Single Ply) with any of our 5/16" carbide studs. Our "Super-Lite +PLUS" Double Backer is for the new Single Ply tracks using studs with large heads like our "Power Point +PLUS" stud.

## STUD BOY POWER TOWER SNOWMOBILE SUPPORT NUT

## ÉCROU DE SUPPORT POUR MOTONEIGE STUD BOY POWER TOWER

The Power Tower ( Patent Pending ) Support Nuts offered in two sizes. These support nuts offer lightweight stud support for stud lengths ranging 1.080" and longer. The extra support helps to eliminate stud bending and breaking without any additional weight. Use this Support Nut in place of the standard nylon locknut; be sure to apply blue locktight to keep in place. Developed by the demands of snowcross racers using up to 1.875" studs. 5/16" - 24 Threads  
Use the "POWER TOWER" to Keep those studs from bending
