KEYWORD 1

DOT **COOLMAX®**

Engineered for performance, comfort, and connectivity, this helmet delivers everything today's rider demands. DOT approval ensures safety without compromise. COOLMAX Core Technology and a premium interior keep you cool and comfortable on every ride, while high airflow ventilation with front, top, and rear vents maintains a refreshing internal climate. The shield system includes a durable anti-scratch visor with UV400 protection, a tinted inner sun visor, and options for single pane, dual pane, or electric shields. Designed with modern riders in mind, it comes ready for communication with integrated speaker pockets and includes the SPX X1 Bluetooth Headset. With Bluetooth V5.2, voice commands, RGB LED, and up to 6.5 hours of use, you can take calls, stream music, and stay connected hands-free, wherever the road takes you

PROTECTION

- DOT Approved
- Double D-Ring Buckle

FIT AND COMFORT / COUPE ET CONFORT

- COOLMAX® Core Technology: Engineered to keep you cool and dry
- Comfortable premium interior

SHIELD / VISIÈRE

- Anti-Scratch / UV Protection Shield: Multifunction shield gives eyes long-lasting protection from dust and UV400
- Tinted Inner Sun Visor
- Single Pane, Dual Pane, and Electric Shields Available

VENTILATION

- High Air Flow Ventilation: Multiple intake and exhaust vents make strong air flow to keep cool inside the shell
- Front, Top and Rear Ventilation

OTHER FEATURES / AUTRES CARACTÉRISTIQUES

- Speaker Pocket Ready
- Comes with Optional Boom Mic

SPX X1 BLUETOOTH HEADSET (INCLUDED)

ÉCOUTEUR BLUETOOTH SPX X1 (INCLUS)

A cutting-edge device designed to elevate your riding experience with unparalleled connectivity and innovative features:

- Answer Your Phone
- Listen to Music
- Bluetooth V5.2
- RGB LED
- Voice Command
- Charging Time: 2h
- Working Time: 6.5h
- Li-ion Battery: 280mAh
- Range: 10M

KEYWORD 1B

ECE DOT **RHEON**

STANDARD

- ECE / DOT approved

FLY SMART™ INTELLIGENT TELEMETRY BY QUIN®

- Quin® Race Sensor - 5 scientific grade sensors constantly evaluate data during use and will auto detect a crash event
- Crash Detection - In the event a crash occurs, the Fly Smart App will record impact data and contact your emergency contacts. 5-diamond level monitoring center will dispatch local emergency services for APEX subscribers
- SOS Beacon - In need of assistance, but still on the move? Notify your emergency contacts and emergency services (APEX subscribers) by tapping the helmet 5 times
- Ride analytics – Live GPS tracking, speed, accelerations, Q-Score and more.
- Wireless updates ensure the device receives the latest developments from Fly Racing and Quin®
- Rechargeable battery – Two hour fast charge mode via Micro USB and up to 60 days battery life (depending on usage) enhanced by automatic sleep and rise to wake functions
- Bluetooth 5.0 connection to device with Fly Smart App
- Integrated LED lights indicate device status and flash red if a crash occurs

ADAPTIVE IMPACT SYSTEM (AIS)

- 12K carbon fiber shell produces an extremely lightweight shell with superior penetration resistance
- Impact Energy Cells made of RHEON, the Impact Energy Cells maximize absorption of low-speed linear and rotational impacts, reducing forces transmitted to the brain
- Conehead® EPS Technology provides a softer liner whereby the cones help manage or absorb an impact force more efficiently. Six critical zones have been fine tuned for a progressive response to low-speed and high-speed impacts.
- Expanded volume EPS means strategic areas of the helmet have more impact absorbing EPS, more suspension between your head and the ground

CONSTRUCTION

- Expanded Polypropylene (EPP) chin bar creates an additional element of impact mitigation, and is used in the chin bar for its superior damage resistance, and energy absorbing properties
- Clavicle shell relief zone creates a soft zone filled with EPS and EPP to aid in reducing clavicle injuries
- Custom molded rubber trim with integrated nose guard
- Comfort liner and quick release cheek pads are made of washable moisture-wicking, anti-microbial material

WEIGHT / POIDS

- 1290 grams +/-50g (size MD/LG), 2.8 pounds +/-0.11lb (size MD/LG)

VENTILATION

- True Functional Ventilation (TFV)- When in motion, air is forced through multiple air intake vents, then passed through aligned vent channels in the EPS and exits out multiple rear exhaust vents

TREKKER SOLID

DUAL SPORT HELMET CASQUE DOUBLE USAGE

KEYWORD 1B

ECE DOT

STANDARD

- ECE 22.06 / DOT approved

CONSTRUCTION

- Durable and lightweight polymer shell
- Dual density EPS liner – two layers of EPS, one softer one slightly harder, combine to provide a more progressive impact absorption for different levels of impact
- Optically superior clear face shield with anti fog coating and durable hard coating for scratch resistance
- 100% UVA/B protection up to 400 nanometers
- Shield lock provides piece of mind, shield will remain closed in all conditions
- Easy shield changes – quick, secure and toolless removal and installation
- Visor and shield integration enables the shield in the raised position, to be fully hidden and out of the line of sight
- Shield is designed specifically to accommodate goggles and goggle straps when in the closed position
- Drop down sunshade with anti-fog coating
- Chin bar breath guard

COMFORT/LINER / DOUBLURE DE CONFORT

- Removable, adjustable, and washable antimicrobial SpaSoft™ interior allows for easy cleaning and custom fitting

VENTILATION

- Switchable On/Off integrated ventilation system in the chin bar, front brow, and rear of the helmet, allows for customized airflow

EVOLUTION
DST - DBK.
SHOWN

EVOLUTION DST

JERSEY FEATURES CARACTÉRISTIQUES DU CHANDAIL

- Laser-cut perforations for advanced ventilation
- Full mesh back and integrated mesh in key areas
- Zero-cuff arm openings provide unrestrictive mobility
- Multi-directional Lycra® neck and shoulder panels
- Low profile multi-panel construction for maximum performance and a comfortable fit
- Seamless armpit construction, with a single-continuous stretch mesh panel from the sides to cuffs which help prevent underarm irritation
- Silicone-printed tail keeps jersey tucked in
- Pro fit: ergonomic arms created for riding position, with a slim cut

PANT FEATURES CARACTÉRISTIQUES DU PANTALONS BOA®

- DST (Durable Stretch Technology) constructed of four-way HEX-Stretch fabric provides excellent mobility with heavy-duty durability
- Strategically placed stretch-mesh ventilation and laser-cut perforations in key areas for advanced airflow
- Leather heat shield panels fastened with high-tension, heat resistant DuPont™ Kevlar® stitching
- Seat panel sewn to breathable light mesh reduces pulling
- Advanced Lycra® liner adds increased comfort and performance
- Additional heat and abrasion resistant aramid fabric surrounding knee panels
- The BOA® Fit System offers fast, on-the-fly micro adjustability
- Ergonomically pre-shaped knee accommodates most guards
- Full-Floating durable 900D seat surrounded by HEX-Stretch material moves naturally with your body
- Exclusive zipper lock system keeps pants closed and secure

GLOVE FEATURES CARACTÉRISTIQUES DU GANT

- Premium protective race glove
- Four-way stretch and Lycra® materials for increased mobility
- Touch screen compatible double-layer Clarino® palm, perforated for improved airflow
- Adjustable Clarino® leather wrist closure for a secure fit
- Flexible direct-inject knuckle provides lightweight protection
- Soft-flex KPU adds protection and a clean look. KPU provides stronger logo adhesion and higher wear tolerance
- Split knuckles with ventilated gussets

PATROL

JERSEY FEATURES CARACTÉRISTIQUES DU CHANDAIL

- Durable mesh paneling for increased ventilation
- Short relaxed cuffs
- Reflective detail prints on the front and rear of the jersey
- Multi-panel construction for maximum performance and comfortable fit
- Comfort-stretch tagless collar made with Lycra® and stretch-rib materials
- Extended tail helps keep jersey tucked in
- Standard fit: not too slim, not too loose

PANT FEATURES CARACTÉRISTIQUES DU PANTALON

- Ventilated comfort mesh liner for added airflow
- Large zippered vents located on the front and back of the upper legs
- Two easily accessible zippered pockets
- Reflective prints for increased visibility
- Internal pocket located inside the waistband
- Silicone print around the internal waistband helps hold the pants up and stop them from slipping down
- Ultra-durable multi-panel 900d polyester construction
- Strategically placed stretch-rib panels
- Full leather, inner lower leg panel giving added durability
- Full-floating seat surrounded by stretch-rib material is designed to move with you
- Ratcheting closure allows for adjustability at the waistband
- Three piece ergonomically pre-shaped knee accommodates most knee braces and guards

OVER-BOOT PANT ONLY

- Over-boot style provides comfortable fit
- One easily accessible large zipper down the side of each leg allows you to open up the pant and fit it over your boots
- Heavy duty accordion stretch panels at the calf allow the pant to fit nicely over boots without being too baggy
- Hook and loop fastener tabs at the lower leg cuff easily allow you to adjust the cuff to fit around your boot

GLOVE FEATURES CARACTÉRISTIQUES DU GANT

- Protective off-road riding glove
- Touch screen compatible single-layer Clarino® palm, perforated for improved airflow and a lightweight feel
- Impact resistant, hard-knuckle construction with an additional mid-layer of impact foam for increased protection
- Adjustable TPR wrist closure system with hook and loop backing ensures proper fit
- Four-way stretch finger sidewall for flexibility, comfort and airflow
- Reinforced double layer palm and thumb
- Embossed neoprene cuff
- Direct inject, flexible TPR finger protection

CONSTRUCTION

- 3D molded plastic shift panels with added grooves and texture that saves boots from premature wear
- TPU (thermoplastic polyurethane) heel pieces connect with lateral/medial TPU pieces for full coverage
- Pre-shaped molded plastic 3D shin adds impact resistance and comfort
- Soft interior foam surrounds the ankle and collar
- Contoured TPU calf plate
- Full textile lining
- Secure 4 buckle closure system
- 3D injected heel reinforcement plate

FEATURES CARACTÉRISTIQUES

- CE Approved to EN13634:2015
- Innovative one-piece plastic injected 'fish tail' midsole
- Molded outsole provides a modern stylish look and helps to keep the weight down
- Outsole rubber compound provides good levels of grip while remaining durable
- Padded microfiber gaiter provides a comfortable rim around calf while sealing the opening from debris
- Bio-mechanical pivots on the inside and outside of the ankle for increased stability and support
- Rubber heat shield is long lasting, won't melt, and provides good grip

FIT AJUSTEMENT

- Adjustable aluminum quick-lock buckles provide a solid locked-in feel and open design keeps dirt from clogging the function

PEEWEE REVEL ROOST GUARD

YOUTH/JEUNE 😊

- Mesh fabric laminated to a custom perforated EVA (Ethylene Vinyl Acetate) foam for improved breathability and comfort
- Injection molded plastic on the chest and back for improved protection
- Soft PU foam protectors used on the shoulders for improved protection and a better fit compared to plastic versions
- Designed to fit children ages of 4 to 7 years old
- Adjustable fit using simple elasticated waistband and sleeve straps

Black

Colour	Part No.	Code	List Price
Black	48-70071	C	76.95

YOUTH REVEL ROOST GUARD RACE

YOUTH/JEUNE 😊

- Chest and back created using a triple layer, high density memory foam in between the outer plastic and the spacer mesh that is in contact with the user. Triple layer construction (as opposed to a single thick layer) allows layers to move relative to one another further improving impact performance
- Revolutionary chassis attachment system eliminates injury-causing plastic rivets and utilizes soft plastics and TPR rubbers without high points that could injure in the event of an impact
- Neck brace compatible design: simply slide underneath the plastics panels
- Easy-to-use waist belt buckles integrated into the chest plastic
- Multiple vents for maximum airflow
- Hand washable
- Adjustable hook and loop fasteners, fully padded side/flank protection
- Adjustable shoulder straps for a custom comfortable fit

PHONE HOLDERS / Support de téléphone

Featuring **MAGLEV Anti-Vibration / Avec technologie anti-vibrations Maglev**

DECREASE SHAKING AND VIBRATING EFFECTIVELY / RÉDUCTION EFFICACE DES VIBRATIONS

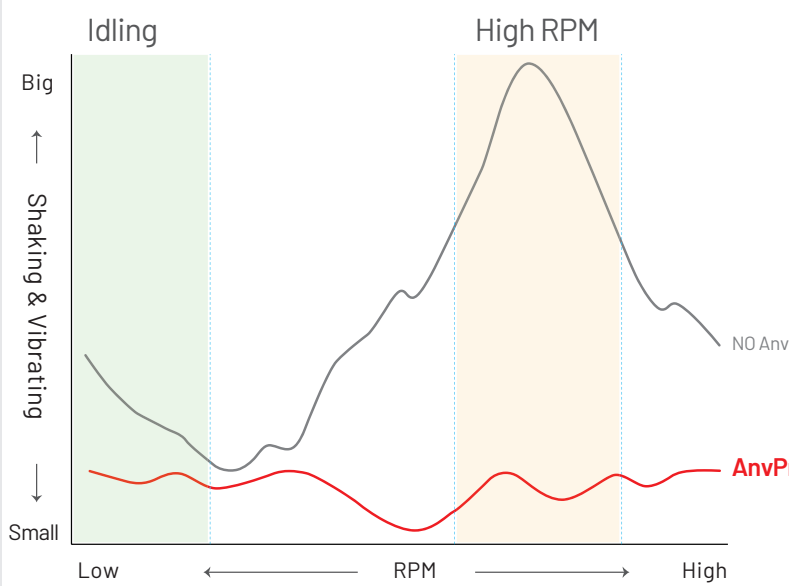

Standard Version / Version standard

Ideal for backup phones or phones without optical image stabilization (OIS), Suitable for daily commuting on general riding use for scooters, bikes, and electric scooters.

Maglev Anti-Vibration (ANV) System Version / Version avec système anti-vibrations Maglev

For Motorcycle/Motorbike riding needs, maintains excellent stability in motorcycles, and supplies the best shock absorption and screen visibility on Smartphones.

CHOOSE YOUR PERFECT FIT / TROUVEZ L'AJUSTEMENT IDÉAL

This test result is based on T-PH05B standard version and Anti-Vibration version.
*ANV = Anti-Vibration System

AnvPro Phone holder offers the best shock absorption, stability, and visibility.

Specially designed for motorcycles, the phone holder keeps a phone steady, regardless of the motorcycle model it sits on.

- ⚠ According to the above figure, it shows the phone holder with ANV system could decrease the high frequency of shaking and vibrating effectively. It reduces the damage risk of the smartphone camera.
- ⚠ Note! Camera of the smartphone is precise, so the varied possibilities of damage couldn't be prevented at all.

KEYWORD 4

ADVENTURE BAR / BARRE DE PROTECTION POUR AVENTURE

Dropping your cherished bike can be an expensive exercise. R&G Adventure Bars offer the rider peace of mind. R&G Adventure Bars provide essential crash protection for your motorcycle.

BAR END SLIDERS / PROTECTION POUR EXTRÉMITÉ DE GUIDON

R&G Bar End Sliders are made from high-quality materials and are a direct replacement for the original manufactured item. Should you drop or crash your bike, the end of your bar is likely to be scraped.

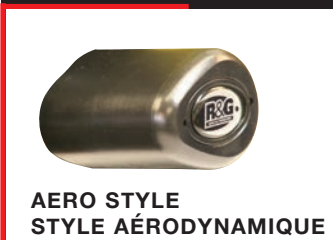

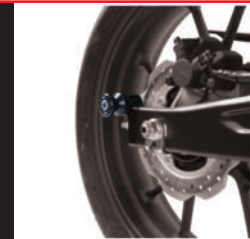

BRAKE LEVER GUARD / PROTECTEUR DE LEVIER DE FREIN

The 'Lever Guard' was developed to help avoid the accidental engagement of the front brake lever during close wheel to wheel racing.

COTTON REELS / BOBINES À BRAS OSCILLANT

Cotton reels are oversize paddock stand bobbins, which screw into the paddock stand holes in your swing arm. They offer the dual purpose of protecting your swing arm and enabling the bike to be lifted on a rear stand.

AERO STYLE
STYLE AÉRODYNAMIQUE

CLASSIC STYLE
STYLE CLASSIQUE

CRASH PROTECTORS / PROTECTEURS ANTI-CHUTE

With bespoke designs for over 350+ models of motorcycle there is bound to be an application for your bike. These are not "mushrooms"! Unlike most of our competitors, we use de-embrittled high-tensile steel bolts which are designed to bend on impact rather than to shear or snap. In addition, we add compression sleeves inside the bobbins which are designed to allow the retaining bolts to be torqued to the correct specification and not to work loose through vibration.

KEYWORD 4

EAZI-GRIP DASH PROTECTOR / PROTECTEUR DE TABLEAU DE BORD EAZI-GRIP

New Eazi-Grip™ Motorcycle Dashboard Screen Protector Range, offers anti-scratch properties, our Motorcycle Dashboard Screen Protectors provide excellent screen coverage with a simple installation process.

EAZI-GRIP TANK GRIP / GRIP DE RÉSERVOIR EAZI-GRIP

The 'Evo' series tank grip features pronounced hemispherical traction domes. Ideal for riders who want that added level of confidence by being able to feel the grip through their leathers. The 'Pro' series tank grip is a polyurethane grip that features a low profile circular embossed pattern with a sleek and dynamic profile that allows greater rider movement on the bike.

ENGINE CASE COVERS / COUVERCLES DE CARTER MOTEUR

Developed on track and brought to the road our engine case covers are made from 4mm polypropylene for strength, durability and good looks, they complement our other crash protection perfectly

EXHAUST HANGER / SUPPORT DE SILENCIEUX

This Exhaust Hanger Kit includes a 2 x Blanking plugs and an Exhaust hanger. The kit enables the removal of the pillion pegs for that race bike look, whilst also allowing for your exhaust to be properly supported with a stylish R&G Exhaust Hanger.

EXHAUST PROTECTOR / PROTECTEUR D'ÉCHAPPEMENT

Should you drop or crash your bike, your end can is likely to be scraped - however when an R&G exhaust protector is correctly placed on the exhaust the damage to your exhaust is likely to be greatly reduced.

FORK PROTECTORS / PROTECTEURS DE FOURCHE

The fork protectors are designed to wear and not shatter on impact helping to slow a sliding bike down and maximize the protection on these critical and expensive components.

RADIATOR GUARDS / PROTECTEURS DE RADIATEUR

Our PRO Radiator Guards feature a new geometric 'hexa' design that offers serious protection to your delicate radiators without restricting performance or airflow.

REAR FOOT REST PLATE / PLAQUE DE REPOSE-PIEDS ARRIÈRE

Tidy up the rear of your bike, once you have removed the rear footrest pillion hangers, fill the void left behind and cover those exposed holes in the sub frame with this footrest/sub frame blanking plate.

TAIL TIDY

The R&G Licence Plate Holder has been designed to replace the very large, original plastic licence plate holder and improve the lines of the modern machine.

POLARIS RZR Pro-XP RotoBOXE - Your Ultimate Bed Storage Solution

KEYWORD RTK

If you are a powersports enthusiast, you know better than anyone that storage space is always a concern.

Whether you are hitting the trails or loading up for a weekend camping trip, you need a storage solution that can hold up against the rigors of rough terrain. This is where the **Pro-XP RotoBOXE** comes in – a revolutionary storage product designed to contour perfectly to the bed of your machine. In this blog, we will take a closer look at the features and benefits of the **Pro-XP RotoBOXE**, so you can decide if it is the right investment for your powersports needs.

Design & Durability: The **Pro-XP RotoBOXE** is designed to be lightweight yet heavy-duty. It is molded from impact-resistant, high-density polyethylene to withstand any terrain. The contoured design ensures that there is no wasted space, and the internal mounting system provides additional stability and security. The lockable latches not only provide added security but also offer peace of mind knowing that your contents are kept safe and secure, even on the bumpiest of rides.

Versatility: The **Pro-XP RotoBOXE** is not just any old storage box; it can hold a wide range of items. You can use it to store your cell phone, clothing, gear, snacks, and more. It is perfect for taking on long trips or just storing your belongings while you are out on the trails. The internal compartments make it easy to organize and access your items, keeping you on the move without any hassle. The **RotoBOXE** is also able to store drinks – with its removable cooler tray insert and tight seal, it'll keep them nice and cool for when you need them!

Installation: The **Pro-XP RotoBOXE** features a quick assembly that makes the installation and removal process effortless. Just one bolt on each side and underneath for a clean look. This storage solution is highly convenient and user-friendly. Whether you are installing it on a brand new machine or switching it between different machines, the **Pro-XP RotoBOXE** makes the process quick and easy.

Value: The **Pro-XP RotoBOXE** is a valuable investment for any powersports enthusiast. It is designed to offer a long lifespan, thanks to its high-quality construction materials. The **Pro-XP RotoBOXE** offers unparalleled convenience compared to other storage solutions on the market. Plus, the added security features lockable latches which will ensure peace of mind that your belongings are safe and secure.

Overall, the Pro-XP RotoBOXE is a must-have storage solution for anyone who loves powersports. Its lightweight design, heavy-duty construction, and contour fit make it the ultimate storage solution for handling any terrain. Plus, its versatility and value make it a highly beneficial investment for any user. If you are looking for a reliable and user-friendly storage solution for your powersport machine, the **Pro-XP RotoBOXE** is an excellent choice.

hold anything cooler.

With 20 quarts of space, **RotoKOOOL** is ready for a day at the beach, tailgating, or a trip up north for the weekend.

Made of high-performing, molded polyethylene, the **RotoKOOOL** is lightweight yet tough as nails. Keeping beverages cold for up to 8 hours, this cooler performs with the top leaders in the market, without the price tag.

RotoKOOOL's lid shuts with latches made of super strong rubber keeping the cooler's contents secure. Two side handles allow for easy transportation.

Can support up to 200lbs on top

Product Weight: 15 lbs

2 GALLON

Fitment: Center Mount / Linq System **Go ahead and rough it – the RotoKAN can handle it**

If you've got a RotoKAP Ranger or General, you know how tough and dependable they are. Now you can get the same great performance from a gas can with the **RotoKAN**. The RotoKAN attaches to your RotoKAP and has a 5 liter capacity, so you can keep going longer. Plus, it's made with the same tough rotomolded construction, so you know it can take a beating.

DEFENDER

- Direct-fit to your machine and hidden from sight
- Fits BOTH the Standard and Crew models
- This kit got an all-new design for 2019! We developed a brand new heater box so we could mount the heater behind the center cubby hole
- Factory style cubby block off plate included! Allows for easy heater box installation behind the center cubby
- Unlike the OEM heater, you will not lose the legroom for the 3rd passenger with our set-up!
- Includes all necessary components: heater hose, hose splicers, hose clamps, mounting brackets, defrost and floor louvers, ductwork & wiring
- NEW Pre-thermostat plumbing gives this kit quicker and more consistent heat! Don't have to pay \$100 for a thermostat bypass valve like you do with our competitor's kits
- SPAL multi-speed blower. SPAL is the world leader in high-performance fans and blowers, ensuring performance with longevity that is second to none
- Includes a center Dash Plate for the defrost and body vents
- The custom multi-speed switch fits right into the dash plate rocker hole.

KEYWORD 9

MUDJET

Tackle the toughest terrain with confidence. The MudJet is built for deep mud, water crossings, and swampy trails. Its unique design allows flotation on water while delivering aggressive traction in the sloppiest conditions.

- 8 ply-rated for heavy-duty performance and durability
- Floats on water - ideal for streams, and deep mud
- Wide 305mm profile for stability and strong ground contact
- Deep self-cleaning tread for consistent grip in wet terrain
- Reinforced sidewall and high load rating for work or play

MudJet

HYPER-X

The Hyper-X is a purpose built lightweight 6-ply tire for your UTV or ATV that provides absolute dependability in both durability and performance. Made with a Heavy Duty 6-ply bias carcass with truck style tread pattern the Hyper X will handle just about anything you throw at it.

- Versatile multi-terrain tire
- Non-directional multi-surface tread pattern
- Openly spaced tread design improves off-road traction and versatility
- Great for high speed riding on hard surfaces and smooth terrain
- Designed for extreme terrain, from desert to slick rock conditions
- Compare to ITP Ultracross R Spec tires
- 16mm Lug height

FULBAT®

BATTERY CHARGERS

Whether it is to charge or maintain lead-acid or lithium Batteries (LifePO4), Fulbat chargers will be able to answer all your needs, from the smallest battery to the largest capacity. Designed with different charging stages, our automatic smart chargers will guarantee optimum charging efficiency and safety.

KEYWORD 17

FULLLOAD 1000

Battery Compatibility: Lead-acid & Lithium
Voltage: 6V/12V
Charging Rate: 1A
Battery Capacity: Up to 20Ah (Maintains All Sizes)
Stages: 3

- Charges and maintains 6V/12V lead-acid batteries (GEL, AGM, MF, DRY, Ca/Ca, WET) and 12V LiFePO4 Batteries)
- 4 Charge Modes
- Easy to set up and use: Connect, Select a charge mode and forget
- Easy to read LED display
- Full protected against short circuit, wrong connections, overcharge and overheat
- Delivered with: 1 clamps set and 1 eyelet terminals set

Part No.	Code	List Price
880-9800	B	59.95

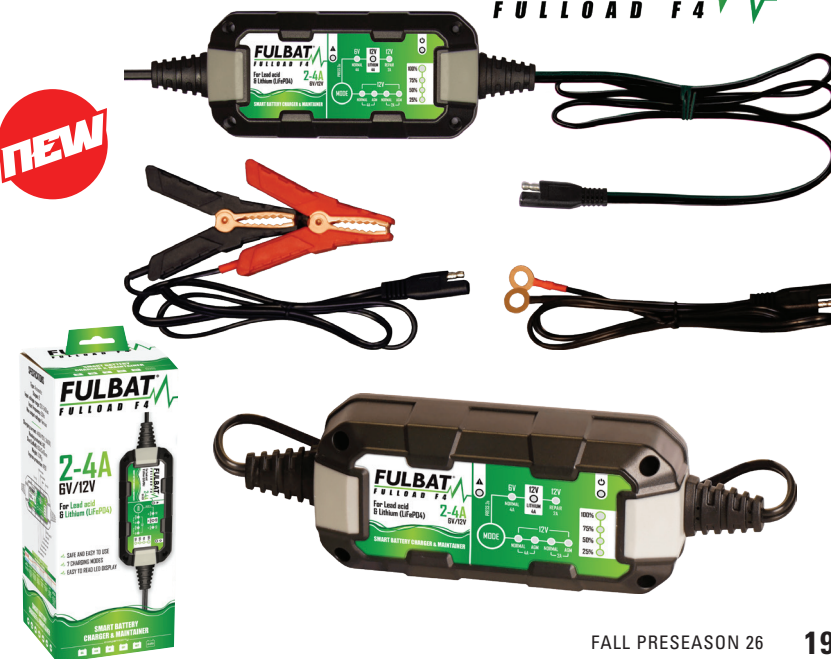

FULLLOAD 4

Battery Compatibility: Lead-acid & Lithium
Voltage: 6V/12V
Charging Rate: 2-4A
Battery Capacity: Up to 80Ah (Maintains All Sizes)
Stages: 8

- Charges and maintains 6V/12V lead-acid batteries (GEL, AGM, MF, DRY, Ca/Ca, WET) and 12V LiFePO4 Batteries)
- 7 Charge Modes including 12V repair mode
- Easy to set up and use: Connect, Select a charge mode and forget
- Easy to read LED display
- Full protected against short circuit, wrong connections, overcharge and overheat
- Delivered with: 1 clamps set and 1 eyelet terminals set

Part No.	Code	List Price
880-9801	B	86.95

FULBAT[®]

STARTER BATTERY

MF RANGE

MAINTENANCE FREE & EASY TO STORE
SANS ENTRETIEN ET FACILE À RANGER

Designed to offer more comfort and performance.

Maintenance free, the MF battery is delivered with a separate acid pack and needs to be filled and activated before the first use. It's AGM (Absorbed Glass Mat) design allows it to be become sealed once activated and also improves the lifespan and resistance of the battery to harsh conditions

FEATURES / CARACTÉRISTIQUES

- AGM Technology
- Delivered with acid pack
- Needs to be filled before first use
- No maintenance once activated
- Upright installation only
- Reduction of plate sulfation
- Suitable for cold weather
- Unlimited shelf life

Compatible Chargers:

- Fulload 1000 (Part No. 880-9800) - Battery Capacity up to 20Ah
- Fulload F4 (Part No. 880-9801) - Battery Capacity up to 80Ah

APPLICATIONS

- Motorcycle / Moto • Scooter • ATV / VTT • UTV / SSV
- Snowmobile / Motoneige • Watercraft / Embarcation

FEEL THE POWER / SENTEZ LA PUISSANCE!

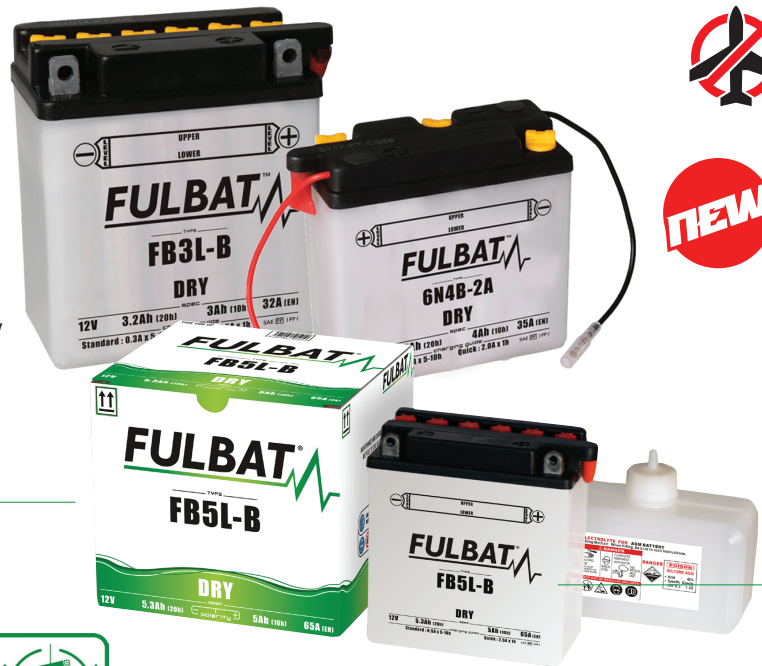

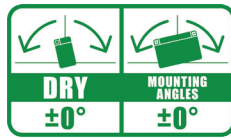

FULBAT® STARTER BATTERY

DRY RANGE
EASY TO STORE
FACILE À RANGER

The Dry battery range offers an incomparable choice of 6V and 12V models. Delivered with an acid pack, the DRY battery must be activated before the first use and must be checked periodically. DRY construction, no maintenance is necessary during a long period of storage.

FEATURES / CARACTÉRISTIQUES

- DRY charged construction
- Activation before first use
- Periodically maintenance & refilled if necessary
- Upright installation only
- 6V & 12V batteries
- Regular life duration
- Unlimited shelf life

NEW

Compatible Chargers:

Fullload 1000 (Part No. 880-9800) - Battery Capacity up to 20Ah
Fullload F4 (Part No. 880-9801) - Battery Capacity up to 80Ah

APPLICATIONS

- Motorcycle / Moto • Scooter • ATV / VTT • UTV / SSV • Lawn & Garden / Pelouse et Jardin
- Snowmobile / Motoneige • Watercraft / Embarcation
